

Inergize Digital® Secures Deal with New Vision Television Group

Inergize Digital provides its fully integrated Web site Content Management System delivering superior content, mobile and e-mail delivery, e-commerce, syndication and contest gaming services

MINNEAPOLIS, MN – March 12, 2009 – Inergize Digital® today announced New Vision Television Group has selected its Content Management System (CMS) for use across all 15 of its member station Web sites. The digital management solution will provide fully integrated content streams, advanced mobile and e-mail delivery, e-commerce, syndication and contest and gaming services – all of which include video, audio and image management.

“We are excited New Vision Television Group has tapped Inergize Digital as the service provider for the company’s web-based initiatives,” said Jason Gould, Senior Vice President and General Manager at Inergize Digital. “With the fully integrated Inergize Digital CMS, we continue to lead the industry in technology, innovation, monetization and advanced knowledge of the media and entertainment landscape, making this partnership a natural fit.”

“To streamline and optimize our operations, we selected Inergize Digital to move all of our station Web sites to their superior CMS,” said Dennis Elkin, Director of New Media Sales Development at New Vision Television Group. “We also put the needs of our viewers and readers first by providing superior content, mobile delivery and contest and gaming services, creating a fully integrated solution for our consumers. In fact, consumers can now upload videos and photos to our station sites reporting news as it happens.”
